

SyberWorks announces a new article available in its Media Center: *“AICC and the LMS”*

Waltham, Massachusetts –February 9, 2009

SyberWorks, Inc., a leader in custom e-Learning Solutions and the Learning Management System (LMS) industry, today announces an article available in the SyberWorks Online Media Center: *“AICC and the LMS”* by Stuart Campbell, Director of Software Engineering at SyberWorks, Inc.

Mary Kay Lofurno, Director of Marketing at SyberWorks, states:

“This article discusses the technical underpinnings of the AICC standard and how it works within the context of a Learning Management System (LMS). The article examines the components of the AICC Standard such as the CRS, AU, DES, and CST file extensions; and the Cross Domain Course Content and Course Installation protocols.”

The article is located in the SyberWorks Online Media Center at <http://syberworks.com/articles/aicc-and-the-lms-article.htm>.

About The Author

Stuart Campbell is Director of Software Development for SyberWorks, Inc., a privately-held supplier of e-Learning software and training. A native of the United Kingdom, he had previously served as a Principle Software Engineer, Senior Consultant, Senior Software Engineer, and Development Specialist for companies such as Brooks Automation Inc., Digital Equipment, and Honeywell Control Systems. His areas of expertise include Visual Studio.NET, C#, VB.NET, VB6, VBScript, XML, COBOL, WindowsXP, Windows2000, WindowsNT, VAX/VMS, UNIX, Oracle, SQLServer, Oracle Rdb, Oracle DBMS, and Agile Modeling Methodology.

The SyberWorks Learning Management System/Learning Content Management System

SyberWorks Training Center (STC) is a Web-based Learning Management System (LMS)/Learning Content Management System (LCMS) that provides complete solutions for managing and tracking all types of training at your organization — from e-Learning courses to traditional classroom training and self-paced study programs. The STC includes extensive testing and assessment tools, reporting, management, communication and collaboration tools, and quality control capabilities — all in one integrated database application that is highly scalable to precisely meet your organization’s needs. The SyberWorks Training Center LMS/LCMS can be purchased as an enterprise license or hosted application.
