

SyberWorks announces a new article available in its Media Center: *“Documentation and e-Learning Part 1: They’re One and the Same”*

Waltham, Massachusetts –January 5, 2010

SyberWorks, Inc., a leader in custom e-Learning Solutions and the Learning Management System (LMS) industry, today announces an article available in the SyberWorks Online Media Center: “Documentation and e-Learning Part 1: They’re One and the Same,” by Dave Powell, Documentation Manager for SyberWorks, Inc.

Mary Kay Lofurno, Director of Marketing at SyberWorks, states:

“This article discusses the importance of documentation as a component of an e-Learning product or service. It also talks about how documentation can be used as a form of online training for both external end-users of a product and internal staff members.”

The article is located in the SyberWorks Online Media Center at
<http://www.syberworks.com/articles/documentation-as-elearning-part1.htm>.

About Dave Powell

Dave Powell is Documentation Manager for SyberWorks Inc., a privately-held supplier of e-Learning software and training. For the past 15 years, he has written award-winning marketing collateral and user documentation for hardware/software companies like PictureTel, 3Com, Philips Medical Systems, Polaroid, and SyberWorks. Prior to that, he edited and wrote for publications like Computerworld, Infosecurity News, Networking Management, Digital Design, LightWave, Popular Computing, Harvard Business Review, and Leaders. (During that time, he also served as an author and Editorial Advisor for Sesame Street.)

The SyberWorks Learning Management System/Learning Content Management System

SyberWorks Training Center (STC) is a Web-based Learning Management System (LMS)/Learning Content Management System (LCMS) that provides complete solutions for managing and tracking all types of training at your organization — from e-Learning courses to traditional classroom training and self-paced study programs. The STC includes extensive testing and assessment tools, reporting, management, communication and collaboration tools, and quality control capabilities — all in one integrated database application that is highly scalable to precisely meet your organization’s needs. The SyberWorks Training Center LMS/LCMS can be purchased as an enterprise license or hosted application.
