

SyberWorks LMS e-Learning Implementation Podcast Show 2009 Holiday Review

Waltham, Massachusetts – December 15, 2009

SyberWorks, Inc., a leader in custom e-Learning Solutions and the Learning Management System (LMS) industry, today announces the next episode in their LMS e-Learning Implementation Podcast Series: “2009 Holiday Review.”

David Boggs, CEO of SyberWorks, states:

“Our 2009 Holiday Review consists of looking back at the many e-Learning program rollouts that we’ve profiled throughout the year. Some of the industries include hospitals, medical services, manufacturing and others. Mary Kay Lofurno, Director of Marketing at SyberWorks, narrates the series.”

SyberWorks LMS e-Learning Implementation Podcast Series, Episode #33: “2009 Holiday Review.”

About The SyberWorks LMS e-Learning Implementation Podcast Series

The SyberWorks LMS e-Learning Podcast Implementation Series looks at actual learning management system (LMS) implementations and e-Learning program rollouts. Developed for busy training and e-Learning professionals, they feature how corporations, governments, and non-profit organizations are using online training to improve performance, instruct employees, increase customer acquisition and retention, and more!

The SyberWorks Learning Management System/Learning Content Management System

SyberWorks Training Center (STC) is a Web-based Learning Management System (LMS)/Learning Content Management System (LCMS) that provides complete solutions for managing and tracking all types of training at your organization — from e-Learning courses to traditional classroom training and self-paced study programs. The STC includes extensive testing and assessment tools, reporting, management, communication and collaboration tools, and quality control capabilities — all in one integrated database application that is highly scalable to precisely meet your organization’s needs. The SyberWorks Training Center LMS/LCMS can be purchased as an enterprise license or hosted application.
